ENRICHMENT ACTIVITIES

2022

Dealing Assistant (Establishment),
Office of the
Assistant Commissioner Development,
Kupwara.

“It took me only 15 days to realise that Arvind was highly proficient in spoken English and had some excellent drafting and technical skills. Initially, I assigned him the task of getting nominations filed for all 385 panchayats in the district on the National Panchayat Awards portal, which he could achieve easily utilising the services of block-level staff. He is an administrator. He is also very comfortable with computers. This combination makes him unique.”

- Hilal Ahmad Mir, Assistant Commissioner Development,
Kupwara.

1. As a district-level official in charge of the month-long Nasha Mukta Bharat Abhiyan 2022, ensured effective monitoring and smooth implementation of the campaign throughout district Kupwara. Also, in response to a confidential task assigned, achieved identification of 131 victims of drug abuse in the district by channelizing the energy of several teams of 150+ Accounts Assistants (Panchayats)/ Panchayat Secretaries/ BDOs etc.

2. Produced several individual impact assessment stories related to housing, sanitation and irrigation projects undertaken by Rural Development Department, Kashmir in order to make grassroots level information available for relevant stakeholders. Also, sensitized Panchayati Raj representatives and the youth regarding consequences of climate change on the rural economy.

2021

Accounts Assistant (Panchayats),
Office of the
Block Development Officer,
Hyhama (Kupwara).

“I was impressed by Arvind’s qualifications. Initially, I assigned him three Panchayats—all of them have challenging terrain. He took several new initiatives in these Panchayats, such as accepting instant complaints and feedback through videography, thereby enabling flexibility in erstwhile processes by allowing the local inhabitants to express their opinions in their own language. He has a soft heart for the poor and the downtrodden.”

- Tariq Ahmad Padder, Block Development Officer, Hyhama (Kupwara).

1. Coordinated with a team, entrusted with the task of identification of SBM-G beneficiaries.

5. Organised an education camp to encourage local children of the village, as well as parents, to evolve an idea of resource-pooling along with community-involvement so as to tackle the challenges posed by the problem of 'digital divide'. A wonderful speech delivered by Sub-Divisional Magistrate (SDM) Sh. Ramkesh Sharma reformed their notion of education and moved many to resume their studies.

6. Celebrated 74th Year of Independence of India with some Gujjar- Bakkarwal tribal families- in order to bring attention of the surrounding villages towards their life- without basic facilities (that needs improvement). They have, traditionally, remained a help to the security forces in Jammu and Kashmir working against terrorists in hostile conditions.
